Practice of Brazilian Jiu-Jitsu  and Judo, reading.

MEHDI BOUHOUTA

SEEKING NEW OPPORTUNITIES STARTING IN SEPTEMBER 2024

Currently in an apprenticeship as a Business Intelligence Project Manager at Servair , while pursuing my studies in M2 Data Engineering and Decision Making (IDD) at UPJV Amiens, I am seeking a permanent contract starting in **September 2024**.

PROFESSIONAL EXPERIENCES

• Apprenticeship - **Currently** Business Intelligence Project Manager

- Analyzing the data needs and challenges of various departments and services within the company.
- Preparing specification documents, conducting tests, and validations.
- Drafting functional and technical documentation.
- Developing and updating Power BI dashboards customized to meet the business needs.
- Organizing and leading meetings with business teams.

 Paris CDG, France.

• Internship & Apprenticeship Assistant IT Project Manager

From April 2022 to July 2023, I worked on the integration of the ERP software Axelor. My responsibilities included:

- Assisting in data preparation for loading.
- Analyzing client business processes to identify functional requirements.
- Configuring and installing the software.
- Documenting project steps for future reference.

 Amiens, France.
